

#### NEWS FROM THE SHCC LISTSERV

The SHCC LISTSERV provides updates on important time-sensitive information about the administration of your Section 8 HAP Contract and other items of interest released by HUD.

**SHCC Operations During a Government Shutdown** - Despite the government shutdown that went into effect October 1, 2013, SHCC is open and continuing to perform assigned tasks as HUD's Contract Administrator for Texas and Arkansas. HAP funding for October 2013 was received and released October 1, 2013 as normal. Additionally, despite the shutdown funding is expected to continue uninterrupted through November 2013. Should our operational duties or disbursement capabilities change, SHCC will send out a subsequent Listserv to that effect.
