TRACS 202D - Deadline extended until February 27

Late last week HUD released an [updated TRACS 202D Implementation Schedule](#) extending the deadline to convert to TRACS 202D until February 27, 2015. This is a one-time 30-day extension. All properties must be converted by the February 27th deadline; all 202C voucher and tenant data transmissions will be rejected by TRACS effective March 2nd and will not be paid until they are resubmitted in the 202D format.

Do not delay. If you are still using a TRACS 202C software version please contact your provider to schedule your conversion to TRACS 202D. In the coming week SHCC will be reaching out to individual Owners and Agents that have not converted to ensure they are aware of the consequences of failing to convert by the deadline.

TRACS 202D- DUNS and TIN requirements

As part of the conversion to TRACS 202D, there have been new fields added to report the Owner DUNS Number and Taxpayer Identification Number (TIN), and also the Parent Company DUNS Number and TIN, if applicable, in the property's tenant data and voucher submission header records. Owners must submit this information to comply with HUD Notice [H 2012-06](#) and HUD Notice [H 2011-01](#). Guidance on completing these fields can be found in the Monthly Activity Transmission (MAT) Guide for TRACS 202D, Chapter 5, Paragraph 5.1 and Chapter 6, Paragraph 6.1. The 202D MAT Guide can be found on HUD's [TRACS Documents webpage](#).
